You did this? Your feedback has been sent to Cars.com verdict: a capable towing and off-road vehicle, the old school GX 460 has won its keeping in the Lexus mix, but this is as much due to the failure of its stablemates as it is to its inherent strengths. Versus competition: Invest outside the Lexus brand and you'll find a more refined, efficient and accommodating crossover - even a few that can get two heavier trailers. When Lexus finally added a third-row seat to a stretched version of the RX SUV, we thought the GX days were numbered. You see, the GX is an old, truck-based SUV with all the related shortcomings, such as space and fuel inefficiencies. Its main reasons for incorporating higher towing capacity, off-road ability and third row (in a Lexus model smaller than the Hulk LX 570). As it turned out, though, the RX 350L had a third row smaller than the GX, which might inversely make this truck another reason to stick around. We decided to take a fresh look at it I zeroed in on what you would keep from this Lexus - and what you might sacrifice. You want the first thing... The magazine published the latest updates to its influential reliability scores, according to survey data from owners of an alleged 500,000-plus car. From these surveys, consumer reports obtain reliability forecasts for new cars of the 2019 model year. Lexus GX 2. Toyota Prius c 3. Toyota Prius Prime 4. Mazda MX-5 Myata 5. Toyota Corolla 6. Lexus IX 7. Toyota Prius 8. Honda Fit 9. Kia Sadona 10. The Toyota Highlander top finisher is hardly the newest finisher. Quite the opposite: The 2019 model year will be GX's 10th without a full redesign. The SUV has had a searching past over the years, too: Consumer Reports flagged its unsealed electronic stability system at first, as it made the car too easy to tip over. The move prompted Toyota to halt sales and issue a call to modify the software. What about the least trusted models? Consumer Reports cites these 10, starting with the worst: 1. 3500 2. Tesla Model X3. Cadillac ATS 4. Honda Resolution 5. Chevrolet Trevor 6. Kia Cadenza 7. Chevrolet Silverado 2500 8. Buick Enclave 9. Folk Wagon Atlas 10. The magazine's Honda Odyssey has noted in previous years that new or redesigned cars typically have lower reliability scores, a point that this year's survey appears to be below the line. Among the top 10 most reliable cars on the market, all but three - the Prius, Prius Prime and the MX-5 Mata - trace their current generations to the 2015 model year or earlier. Meanwhile, six of the 10 low-trust cars were redesigned in just two years (2017 or 2018). In terms of overall brand reliability, consumer reports of Toyota's rate and its Lexus brand are at the top of the charts, followed by a series of Japanese, Korean and European brands that bring together the top 10 brands. At the bottom of the list, meanwhile, are three luxury brands from two continents. 1. Lexus 2. Toyota 3. Mazda 4. Subaru 5. Kia 6. Infiniti 7. Audi 8. BMW 9. mini 10 . Hyundai 11. porsche 12 .
